**H**afele India moved into its new office premises in Kanjur Marg, Mumbai - yet another milestone in its rapid expansion

in the Indian market. The highpoint of the inauguration was the presence of two managing directors from Germany - Stefan M Huber and Bosch Gerhard.

With a sprawling area of

around 17,000 sq ft, the state-of-the-art office houses an auditorium, a recreation centre and a gymnasium. The multi-purpose auditorium holds a seating capacity of about 70 persons and is specially designed to hold

regular events, seminars and launches for internal as well external associates.

The recreation centre is equipped with a television corner, foosball table and carrom board. There is a mini-library corner for those

who would prefer a quiet leisure read between their work schedules.

The process of creating a new state-of-the-art Design Centre is also in process which would be ready by the end of July. **■**
