## BATH CONCEPT

# Introduction

## Dear Customers,

Häfele has pioneered the way interior fittings are sold across the globe for many years now. Being a German company our foremost concern has always been to offer our customers, premium quality products at approachable prices paired with solution based services. Taking this proposition to a new reality Häfele now introduces its Exquisite **Bathroom Concepts and Accessories** through this catalogue. The inspiration for this series of bathroom solutions stems from the fact that bathrooms are now being perceived as recreational hubs within homes that serve much more in experience than mere utility. This means that the hours spent in a bathroom today are an amalgamation of personal hygiene as well as empirical moments of relaxation.

Whether it's an energizing shower first thing in the morning, a quick shave before work or an elongated, lingering candlelit soak before bed, Häfele's new bathroom fittings lets you convert your bathroom into your very own wellness centre. Our collection of overhead shower systems, bathroom faucets, fittings and accessories are characterized by clean lines and distinctive aesthetics thus enhancing your bathroom space with unique and breath-taking designs. This new Häfele Bathrooms catalogue takes you through the exquisite collection of all products falling under this range, providing you with holistic bathroom solutions from one source.

To perfect the bathroom collection, Häfele introduces collections – The Luxury Bathrooms and the Premium Bathrooms. Our range of Luxury Bathrooms come from JEE-O, a well known brand globally that boasts of three distinct bath series – the Soho Series, the Slimline Series and the Rio Series. Häfele's JEE-O Soho series is characterized with a dark, all-weather hammer coating which grants your bathroom the right industrial look and emphasizes on maximal minimalism. Bathtubs and basins in this range are made from DADOquartz, a light weight, sturdy and scratch resistant material, to preserve their beauty for years to come.

Häfele's Premium Bathroom collection houses three series that come with exception design aesthetics and unique functionalities – The HIX Series, the ACE Series and the SMART Series. These products help individualize your bathroom with innovation, ergonomics and

technology and come in elegant curves, meandering frames or geometric outlines of space. The exquisite designs and subtle form of these products induce pure admiration and accolades. All the products are recognized for their low operational noise level and a flawless water flow quality even under difficult flow conditions.

Through its range, Häfele reinstates its commitment towards the environment with its exclusive collection of Shower Concepts. These showers come with meticulous engineering that incorporates an air technology where air and water blend to save almost 1/3rd of the actual water consumed without having you lose any enjoyment of your shower experience. This range, consisting of overhead showers as well as hand showers is pre-fitted with a flow restricting device which restricts the water flow rate to less than 9 liters per minute, thereby conserving the most precious resources. It encompasses models which exhibit up to 3 functions i.e. rain spray, pulse spray or combination of both sprays.

To enable the astute installation of Häfele's range of showers and faucets we offer you a supporting range of bathroom fittings comprising of wall brackets, hooks, elbows and arm supports. We also understand that no bathroom is fully functional without the detailed placement of the right accessories at the right places. Our holistic range of bathroom accessories comprises of shower rails, shower arms, soap dishes and dispensers, towel racks, bars, and rings to name a few.

So help us plan your bathrooms and make them 'exquisite' with unparalleled functionalities in the form of showers, faucets and accessories from Häfele's bathroom collection.

Enjoy!

**Jürgen Wolf.**  
Managing Director  
Häfele South Asia.

# Hafele

## Reassuring Expertise

"For almost 10 decades, we've been helping people make more of their homes.

Established in Germany, and now operating worldwide, we specialise in the fittings, hardware and systems that improve the way your home works. So when you choose our products as part of your new or reformed home, you know you're getting the benefit of extensive knowledge and →decades of experience.

And we're still a family business, owned and managed by family members who really care about the products and service we provide. You can rely on our commitment to the

highest standards of quality and reliability, founded on a long tradition of German engineering where attention to detail is second nature.

All our home improvement ideas are built to last – day in, day out – we want you to get the very best from every corner of your home, for many years to come."

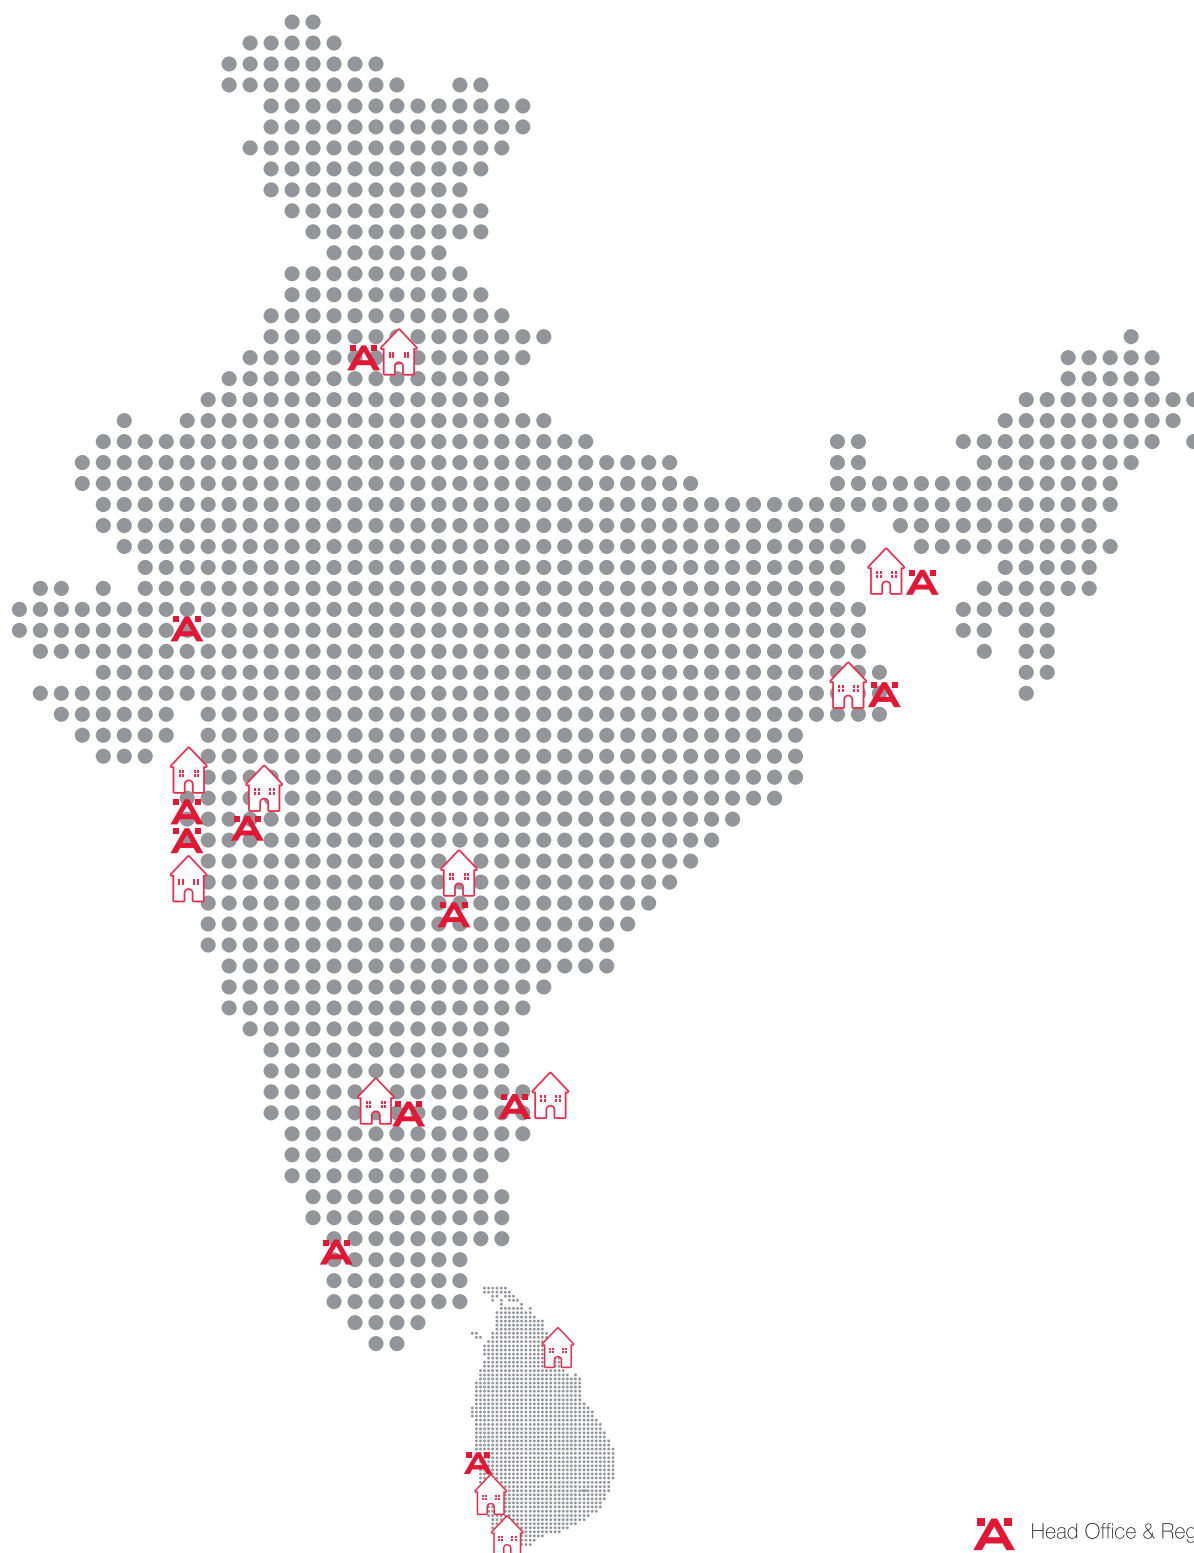

# Häfele Worldwide

With its origin in 1923 in a small town named 'Nagold' from the Swabian region of Germany that nurses a passion for hardware technology, it is no surprise that Häfele has lived up to its roots through a successful presence in the architectural and furniture hardware industry for over 9 decades now. Today, Häfele's worldwide penetration includes 38 subsidiaries across Europe, America, Asia, Australia and New Zealand. With these subsidiaries and numerous other sales organisations, Häfele operates in over 150 countries. The Häfele headquarters, 4 manufacturing units and 10 sales offices are located within Germany; while 1 manufacturing unit is located at Budapest, Hungary. The company also owns one of the largest and most sophisticated warehouses in its home country. The Häfele worldwide workforce is empowered by a base of over 8100 employees.

The group services over 150,000 customers across the globe through its extensive range of hardware products and a comprehensive logistics system. In addition to this, Häfele also provides consultative services to its customers, educating and advising them about buying the correct hardware as per their requirements. With this level of market penetration and ability to handle worldwide demand, it comes as no surprise that the company is an authority in the segment of home interior solutions; what is pleasantly surprising, though, is that in spite of its size, Häfele still remains a family owned and run business with a unique, friendly and value-centric work culture which is strongly followed among all its subsidiaries.

# Hafele India

 Head Office & Regional Offices

 Hafele Design Showrooms

Häfele India is a wholly-owned subsidiary of the Häfele Global network and has been operating in India since 2003 under the leadership of Mr. Jürgen Wolf (Managing Director). The ability of the company to understand the diverse Indian market has made it an authority in the field of architectural hardware, furniture and kitchen fittings and accessories. The company also has a strong presence in synergized product categories namely Home Appliances, Furniture Lighting, Sanitary and Surfaces catering to the focused demand from these industries.

The subsidiary has a strong nation-wide presence with offices in Mumbai, Pune, Ahmedabad, Bangalore, Chennai, Hyderabad, Delhi, Kolkata and Cochin. It has full-scale operations in Sri Lanka and Bangladesh with Regional offices and Design Showrooms in both the countries; and has also spread its operations to other regions of South Asia including Nepal, Bhutan and Maldives.

Häfele's design showrooms are hubs of international home interior trends and cutting edge designs presented in a world-class environment, where customers can see home solutions in their inherent applications. These showrooms function as a one-stop-shop for all home interior and improvement needs - from providing in-depth technical advice to kitchen and wardrobe designing services through a team of experts stationed at the showroom.

Häfele India services its customers with a base of over 1300 employees, a well-networked Franchise base of over 130 shops along with over 1000 dealers situated across South Asia. The subsidiary has a sophisticated Logistics centre in Mumbai along with distribution centres in Delhi, Bangalore, Kolkata and Colombo respectively.

# Luxury Bathrooms

*Ever-lasting durability, ultimate sophistication and incomparable European manufacturing quality define the new Bath Concepts by Häfele. These fittings create an ambience of refined functionality in your bathrooms with their products, providing tranquility, peace and space for your body and mind.*

*Although different in design and structure, the three **JEE-O series** of bathroom fittings by Häfele, Soho, Slimline and Rio at their heart, follow the principle of product longevity and functional luxury. The products in the series are made of Stainless Steel Grade 304, and as a result are extremely sturdy and long lasting. Compared to similar products in the market which use Brass for internal parts, the concealed parts of JEE-O bathroom fittings by Häfele are also made of Stainless Steel 304 which makes it a lead free and eco-friendly solution. This prevents hazardous health and environmental effects and reduces long term maintenance costs.*

*Häfele's JEE-O Soho series is characterized with a dark, all-weather hammer coating which grants your bathroom the right industrial look and emphasizes on maximal minimalism. Bathtubs and basins in this range are made from DADOquartz, a light weight, sturdy and scratch resistant material, to preserve their beauty for years to come. The fittings from Häfele's JEE-O Slimline series, slim in form and style, are designed as contemporary art pieces to suit modern bathroom spaces.*

*“Our bathroom concepts are part of our customers lifestyle and give them an energising experience.”*

*Lammert Moerman, founder of JEE-O*

## JEE-O unique bathrooms

Creative brain behind JEE-O, concept and product designer Lammert Moerman, only has one wish. To enable the world to feel the JEE-O DNA. Introduce bon vivants worldwide to the ultimate JEE-O feeling and let them discover the experience of showering and bathing in endless atmospheres.

JEE-O creates products with tranquillity, peace and space for body and mind, always in an ambiance of functional luxury.

## Benefits stainless steel material

**Solid stainless steel**  
The full stainless steel body provides superb durability also on the built-in parts, high mechanical strength and resistance to thermal shock and corrosion.

**Easy care – easy repair**  
Made from strong material and with high grade finishes. This product is easy to clean and maintain.

**Hygienic and safe**  
Stainless steel is the safe choice. Use the products worry free, because there is no unwanted release of substances in the water.

**Quality assurance**  
Seven years warranty on our taps and showers guarantee against production defects. It is the standard, not just an option.

**Selected high quality components**  
The best components are selected to excel. Engineered and tested against international criteria and standards, for a trustworthy performance.

**Synergies within collections**  
Complete series offering a broad range of choice from shower and faucet to bath, basin and accessories. All designed to match and make a true design statement.

**Everlasting**  
Stainless steel is everlasting and if needed re-usable. It is the more sustainable choice. Even more so, when combined with our 'cold-start' progressive mixers and flow reducers.

**Unique design**  
Outspoken freestanding items, that give you freedom to design fitting to your needs. Feel energised by your choice of interior design and when experiencing the wellness the products bring.

## Benefits DADOquartz material

**Exceptionally strong**  
Full-bodied, 100% solid structure. Engineered & tested in accordance with stringent technical criteria.

**Easy care - Easy repair**  
Hand finished to ensure a smooth, luxurious look which is easy to clean. Small damages are easy to repair.

**Clean-Hygienic**  
Non-porous material ensures an easy to clean surface, resistant to micro-organisms and bacterial growth.

**100% UV resistant**  
Natural matt stone appearance & extreme UV resistant, your bath will retain its colour.

**Soft warm touch**  
Due to its high heat retention properties, your bath will heat up quickly and remain warm.

**Unique design**  
Unique products that give freedom of design and fit perfectly within the JEE-O collection.

**Lightweight material**  
Due to the material all DADOquartz products are lightweight.

**Quality-Assurance**  
A 25 year lifetime warranty on defects in materials or craftsmanship.

**Easy installation**  
Easy to install with space underneath the bath for plumbing.

*“Perfection is when  
there is no redundancy”*

Grand & Johnson

SoHo is a vibrant neighborhood in cosmopolitan New York. A dynamic melting pot of cultures and styles, and home to countless industrial loft apartments, SoHo is austere and stark. This freestanding productline is characterized by the same simplicity. Less is more. Thanks to the one-move cartridge in the faucet mechanism, the cleverly designed handle with a tactile rubber coating can be operated in the same way as a joystick. All JEE-O soho products are made from stainless steel and finished with a dark, all-weather hammer coating for the right industrial look.

The JEE-O soho series is the first productline to result from the alliance between JEE-O and the Amsterdam-based design studio Grand & Johnson: creative cosmopolitans working together to shape maximal minimalism.

This robust JEE-O soho series designed by Grand & Johnson consists of freestanding shower mixers, a freestanding bath mixer, top and wall mounted faucets, mixers, spouts and a hand shower, wall and ceiling mounted shower, a bath, basins and accessories to complete your unique bathroom.

Soho SERIES BY GRAND & JOHNSON..

# THE SOHO SERIES

## THE SOHO SERIES

Inspired by the SoHo neighbourhood in New York which is home to industrial loft apartments, Häfele's JEE-O Soho Series comprises of hand crafted shower and bathroom fittings and accessories testifying to European manufacturing quality. Inherently robust and rugged, the fittings in the Soho Series are made of sturdy Stainless Steel material and their unique design gives your bathroom a simple and stark impression. Available in the rich hammer coated black matt and brushed Stainless Steel finishes, this is an extensive range providing you all essential bathroom products from fundamental fittings like spouts and mixers to accessories like soap and towel holders.

UV Stability: 6

**588.67.600**

\*DADOquartz, created by combining quartzore and minerals mined from the fertile SouthAfrican earth and engineered under stringent technical criteria, exhibits exceptional hardness and distinguishing longevity with an enduring satin finish and anatural matt stone appearance, backed by a15 year warranty. DADO quartz is solid and void-free with no fissures or veins and is resistant to scratching and abrasion to with stand tough conditions and rigorous usage. It's special high heat retention property gives you hours of bathing pleasure.

\*\*UV Stability determines the resistance of a coloured surface to fading on a scale of1-8. A rating of 6 equates to 'Very Good Resistance'.

# Premium Bathrooms

*Bathrooms are increasingly being perceived as recreational hubs within homes that serve much more in experience than mere utility. Whether it's an energizing shower first thing in the morning, a quick shave before work or an elongated, lingering candlelit soak before bed, Häfele's Premium Range of Bath Fittings lets you convert your bathroom into your very own wellness centre. The three collections within this range – HIX, Ace and Smart are designed on the principle of uniformity providing you with the opportunity of rendering one design philosophy across the bathroom. You will find contemporary styles that are closely inspired by the latest international design trends reigning across the globe.*

THE  
HIX  
SERIES

## Hix Bath Collection

Every bathroom has its unique style which stems from the individuality of its user and communicates their lifestyle to the world. The journey towards a perfect day starts right here, making it essential for the bathroom to be comprised of the best and most handy utilities. Häfele introduces the HIX Bath Collection, which embraces the thought of singularity while effortlessly adapting to diverse spaces, offering you perfectly functional and elegantly designed bathrooms.

Defined by easy operation and minimalist design, the new bath collection by Häfele is all about your personal sense of style. Crafted with sophistication in mind, the products from this collection exhibit lines converging to form the most graceful curves. You can opt for a luxurious black matte-copper combination finish to give your bathroom a trendy and distinctive look or choose the everlasting chrome finish for a classy, refined and sophisticated effect. Häfele's HIX Bath Collection covers all your basic product requirements of the bathroom and vanity area, from basin mixers and diverters to spouts and shower heads. Made entirely of brass, the products from this collection promise you quality and long-lasting durability.

BATHE IN PURE LUXURY

The latest technology in shower systems takes an elite place in your bathroom!

Gone are the days when showering was merely a hygiene chore. Today, it has transformed into a spa experience that relaxes your body, mind and soul; in short, it is an energy boosting experience that compensates for a relaxing massage. We want to only better the hours you spend in your shower with our exquisite range of shower systems from Edelbad. Our products are designed keeping two key factors in mind – the flexibility to give you what you want and the functionality of latest technologies prevailing in the market. As a result of this, we can guarantee that our showerheads will transport your senses to a place of unrivaled inspiration. Come indulge yourself in a luxurious experience of cleansing!

In an endeavor to recreate your bathroom culture as per the latest trends, we use the combination of conventional shower systems with revolutionary technology. With our insight into what works and what doesn't, we have taken enormous care to introduce some innovative designs through this range.

Our collection is up-to-date with every electronic break-through and hence our shower systems have an integrated panel-touch feature with multi-functional operations including light and sound control. You can enjoy the therapy of water and blend that in with meditative sound and light effects to align your senses.

The faucets in this range come with a self-generating system to save energy. Made of high grade Stainless Steel and plated with layers of chrome, they automatically put up a tough fight to corrosion or deterioration through excessive use of water. With nozzles that have an integrated self-cleaning technology, they become extremely easy to maintain and clean with no additional efforts from you.

## "Better life inspired by water"

Bathroom shower systems have certainly evolved over a period of years. Taking a shower is more like an experience rather than just a routine activity. In today's time showers are quick energizing boosters that compensate for a relaxing massage. In short it adds on to an experience that cleanses the body and soul.

Hafele introduces this experience to the Indian market through Edelbad - A distinguished manufacturer of Shower Systems. Edelbad's Shower system products are designed keeping flexibility and functionality in mind. Edelbad shower systems made of Stainless Steel Grade 304 are quick and easy to install making the upgrading of the current shower system hassle-free when renovating. Edelbad technically advanced showerheads will transport your senses to a place of unrivaled inspiration through its features of Chromo therapy. Come indulge yourself in a luxurious experience of cleansing!
