## DOOR ACCESSORIES

- Architectural Hardware

# INTRODUCTION

While Door fittings provide true functionality to any door application, door accessories, on the other hand, play an important role to provide enhanced convenience and added security.

Häfele's door accessories come with the same quality standards and conformities as the other fittings available in our range. Available in various finishes, these accessories when clubbed with the Häfele fittings, give a uniform look to all the doors within your homes.

Häfele's new collection of door accessories includes Security Door Chains, Security Door Guards, Door Viewers, Magnetic Door Stoppers, Indicator Bolt and Shaft Door Bolt.

This product communication takes you through the product specifications, finish options, and pricing details of this new collection of accessories.
