

HEIGHT ADJUSTABLE TABLE FITTINGS

Hafele brings to you, smart height adjustable table fittings that are ergonomically designed to grant you the highest level of flexibility and comfort. The two models within this range Alti 120 and Alti 80 can be installed anywhere you require a workstation - offices, commercial business centres shared workspaces, colleges and homes.

This range enables you to change the height of your worktable according to your convenience; while sitting it helps you attain the perfect posture preventing you from acquiring back ailments or any kind of muscle or eye strain and while standing it helps you burn extra calories by increasing your cardiovascular activity.

ALTI 120 AND ALTI 80

BETTER ERGONOMICS

Hafele's Height Adjustable Table Fittings offer you the complete flexibility to regulate the height and position of your work top as per your varying needs and convenience. Dedicated handsets are supplied for the tables that help adjust their height in a quick and simple manner.

BLUETOOTH SYSTEMS

Hafele's Height Adjustable Table Fittings come with a Bluetooth 5.0 module receiver which is connected to the control box and makes operating it easy and touchless. All you need to do is install the AiDesk mobile application and connect your table to it.

FINEST WORKMANSHIP

The products used in the manufacturing of these table fittings are of high-quality and are a result of careful research, precise production as well as full extensive tests. They come with a quality warranty of 5 years on manufacturing defect.

INTELLIGENT ANTI-COLLISION TECHNOLOGY

When the tabletop touches an object during its operation, the anti-collision system gets activated and immediately stops the movement of the table to prevent collision and injury to the user or the table itself.

MOBILE APP

The Bluetooth module provided along with the fittings gets connected to a mobile application, AiDesk which can be used to control the table. In addition to the handset functions of adjusting the height of the tables, the app also monitors your sitting / standing time, calories burnt and lets you set target moving time for a day.

CUSTOMIZATION

With Alti 80 and Alti 120, we provide you with the fittings, leaving you with the complete freedom of choosing the tabletop material – wood, laminate, glass or stone surfaces like Dekton® to match with your interiors.
